

# SMART Animal Sanctuary

**Thank you for adopting from us. Please initial after each paragraph and sign down the bottom.**

Please examine the dog you are looking at adopting. By signing this form and the contract you are saying that you are happy with the condition of the dog at the time of adoption. \_\_\_\_\_

- SMART will only talk to the legal owner of the animal once adopted. We will not engage in discussions with anyone else. \_\_\_\_\_
- We do our best to rehome healthy animals. It is *impossible* for us to for-see the future health of your pet. If you have any concerns, please call us. \_\_\_\_\_
- In dogs, Parvo (which can take up to two weeks to show) or ringworm (which can take up to 21 days to show) may not be showing at the time of adoption. As the dogs owner it is your responsibility to get the dog treated and pay for the treatment. \_\_\_\_\_
- If you have to take your pet to the vet for any reason the fees are at your costs not SMART's or the Foster carers. \_\_\_\_\_
- **Once you have signed the contract for your pet it is your responsibility. Please make sure you have read the contract. Remember this is a legal document.** \_\_\_\_\_
- If you have any problems with your adopted pet you must contact SMART directly (not the foster carer) Call **0428 491 492** \_\_\_\_\_
